

# Partnership Lingotek + Mediacurrent

## About Lingotek

**Lingotek | The Translation Network** is the only cloud-based solution to connect all of your global content in one place, giving you the power to manage your brand worldwide. Our industry-leading technology pairs with the best enterprise applications and expert language services to continuously push dynamic multilingual content to all of your global markets.

## About Mediacurrent

**Mediacurrent** helps organizations architect highly impactful Drupal websites. They have an elite team of web specialists who are recognized thought leaders in their profession. Mediacurrent has a successful track record of helping some of the most recognizable brands in the world adopt Drupal. Their service offerings allow them to be a single source partner for Drupal development, design, digital strategy, and training. They also offer ongoing Drupal support and maintenance options.
